**This checklist is provided for the convenience of our customers and is intended to provide only general information. Please contact our Permit Application Center for additional information on your specific project. Attention to the completeness and accuracy of information at the beginning of the process generally leads to fewer delays and requests for corrections by City staff.**

### SECTION #1

---

#### APPLICANTS RESPONSIBILITY

**Applicants are responsible for submitting complete applications.**

Incomplete applications will result in plans being rejected for acceptance or delayed during the review process. City staff is committed to assist in coordinating the approval process, however, applicants are responsible for monitoring and providing all requested corrections and/or information during the review process in a timely manner. All applications expire 180 days from the date of submittal if permits are not issued. Upon expiration, all applications, plans, and documents will be disposed of by staff, unless a written request is submitted to have the documents returned.

### SECTION #2

---

#### PREREQUISITES

Any items below which are applicable to your project must be completed **before** a building permit application can be accepted for review:

- Appropriate zoning is currently in place for this proposed use**
- A Special Use Permit, Conditional Use Permit or Variance has been approved**
- A Design Review or Planned Unit Development approved for this site**
- Compliance with Planning Commission and/or City Council action**

### SECTION #3
