

## Rebate Application Details

Rebates are available for purchases made January 1, 2012 through November 30, 2012 or until program funds are no longer available, whichever comes first. Due to limited funding, please submit your rebate application as soon as possible after purchase and installation. Equipment must be installed before submitting a rebate application. Rebate applications will be processed on a first-come, first-served basis and must be postmarked by December 15, 2012\* to be eligible for a rebate.

\*Program participation dates are subject to funding availability and may change without notice. Program and submission deadline dates will be updated on the Southwest Gas website.

# High-Efficiency Commercial Equipment Rebates

Our Nevada Commercial Equipment Program is the Best Recipe for Savings

- ✓ Saving money is Smarter.
- ✓ Energy Efficiency is Greener.
- ✓ Rebates are Better.

# Save up to \$30,000

with **Smarter Greener Better** rebates  
(save more by combining rebates)

Replace old, inefficient commercial equipment with NEW high-efficiency models and **save money, time, and the environment.**

## High Efficiency

Reduce your energy consumption with natural gas — regardless of the size of your commercial kitchen. Increased efficiency leads to higher production and reduced energy costs which help increase your profitability.

## Precise Control

Natural gas cooks food quickly and to the precise results you demand for your customers, all while reducing cooking time and saving you money.

## Greener Than You Think!

High-efficiency commercial equipment helps reduce product waste, helping to protect our environment.
